

New Water & Sewer Rates

Effective January 1, 2024

Water and Sewer Rate Increase

Base rates and consumption charges (per thousand gallons) will increase as noted below for 2024

Irrigation Tiers are higher by legal requirement and to encourage conservation

The base rates below apply to residential, irrigation, and commercial accounts. Any rates not listed below can be found on the Cumming Utilities website: www.cummingutilities.com. The resolution and rate study increasing the City of Cumming water and sewer usage rates through January 2028 can be found on the Cumming Utilities webpage.
